VIA E-MAIL

Dear Jeromy,

I want to commend your team of security officers who worked the recent "Mega Freestyle" concert, sponsored by KMGV-FM/Mega 97.9 this past Saturday, June 1, 2013.

You sent us one of the most responsive teams we have seen. When asked for support with a potential issue they stepped up to the plate:

-We had noticed that some of the concert-goers began to stuff their pockets with bottles of beer at the downstairs bar. The problem is this: Our liquor license only allows a person to have a maximum of two alcoholic beverages in their possession at any one time.

I went to the closest security person (who was at the stage) to see if he could send someone to help supervise. In less than five minutes, we had security. Not only that, he thwarted many concert-goers who tried to violate our license.

The McHenry team listened and responded. I couldn't ask for anything more.

Our group prides itself on serving our concert-goers. We also pride ourselves on protecting the privilege of carrying a liquor license. We have never had a violation and we like to keep it that way.

The concert went well from our standpoint.

Please send our thanks to the Supervisor and her/his crew.

We greatly appreciate their service!

Best regards,

Steven Barra
